CCHS USES AN ASSET TEST, REVIEWS INSURANCE STATUS, CONSIDERS MEDICAL

INDIGENCY, AND REVIEWS INFORMATION TO DETERMINE PRESUMPTIVE ELIGIBILITY.

PART I, LINE 7:

LINE 7B UNREIMBURSED MEDICAID IS THE COST OF MEDICAID PROVIDED FOR

INPATIENTS, PATIENTS AT THE RAPID CITY REHAB CENTER, RAPID CITY OUTREACH,

SIOUX FALLS OUTREACH, AND SIOUX CITY OUTPATIENT CENTER. THE COST IS

CALCULATED BY MULTIPLYING THE MEDICAID CHARGES TIMES THE COST-TO-CHARGE

RATIO, AS DETERMINED THROUGH USE OF THE GENERAL LEDGER.

PART III, LINE 2:

THE AMOUNT ON LINE 2 REPRESENTS IMPLICIT PRICE CONCESSIONS. THE

ORGANIZATION DETERMINES ITS ESTIMATE OF IMPLICIT PRICE CONCESSION BASED ON

ITS HISTORICAL COLLECTION EXPERIENCE WITH THIS CLASS OF PATIENTS.

Part VI | Supplemental Information (Continuation)

NO PART OF THE AMOUNT ON LINE 2 WAS DETERMINED TO BE CHARITY CARE ELIGIBLE.

PART III, LINE 4:

THE FINANCIAL STATEMENT FOOTNOTE THAT DESCRIBES IMPLICIT PRICE CONCESSION
IS AT NOTE 1 PAGES 14-15.

PART III, LINE 8:

NO PART OF THE SHORTFALL ON LINE 7 IS TREATED AS COMMUNITY BENEFIT. THE

Independent Auditor's Report

The Board of Directors LifeScape Sioux Falls, South Dakota

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of LifeScape (the Organization), which comprise the consolidated balance sheets as of June 30, 2020 and 2019 and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and our 2020 audit in accordance with the standards applicable to financial audits contained in *Government Auditing Standards* issued by the controller general of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The 2019 audit was not required to be conducted in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of LifeScape as of June 30, 2020 and 2019, and the consolidated results of its operations, changes in net assets, and cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 19 to the consolidated financial statements, the Organization has adopted the provisions of Financial Accounting Standards Board Accounting Standards Update No. 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash.* Accordingly, the June 30, 2019 consolidated statement of cash flows has been adjusted to adopt this standard. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 29, 2020 on our consideration of LifeScape's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of LifeScape's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering LifeScape's internal control over financial reporting and compliance.

Note 1 - Summary of Significant Accounting Policies

Organization

LifeScape (the Organization) is a non-profit corporation that was established through the affiliation of South Dakota Achieve and Children's Care Hospital and School (both non-profit corporations). LifeScape offers support for all individuals with disabilities by offering a large range of programs and services to empower children and adults with disabilities to lead fulfilling lives.

Principles of Consolidation

The consolidated financial statements include the accounts of LifeScape, South Dakota Achieve, Children's Care Hospital and School, LifeScape Foundation, Rehabilitation Medical Supply, Sioux Residential Services, Inc., Horizon Apartments, Hospitality Apartments, and Beacon Apartments Limited Partnership. All significant intercompany accounts and transactions have been eliminated.

Beacon Apartments Limited Partnership was formed as a limited partnership between South Dakota Achieve and Midwest Housing Equity Group, Inc. to acquire an interest in property located in Sioux Falls, South Dakota, and to construct and operate housing complexes for persons of low or moderate income. The Partnership consists of South Dakota Achieve as the .01% general partner and Midwest Housing Equity Group, Inc. as the 99.99% limited partner. South Dakota Achieve is the managing member and makes all management decisions. A reconciliation of the non-controlling interest is as follows:

	2020	2019
Non-controlling interest - beginning of year Expenses in excess of revenues	\$ 1,158,803 (50,687)	\$ 1,210,207 (51,404)
Non-controlling interest - end of year	\$ 1,108,116	\$ 1,158,803

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments with an original maturity of three months or less.

Patient and Resident Receivables

Patient and resident receivables are uncollateralized patient and third-party payor obligations. Payments of patient and resident receivables are allocated to the specific claims identified in the remittance advice or, if unspecified, are applied to the earliest unpaid claim.

The Organization has elected to not adjust the promised amount of consideration from patients, residents and third-party payors for the effects of a significant financial component due to the Organization's expectation that the period between the time the service is provided to a patient or resident and the time that the patient, resident or third-party payor pays for that service will be one year or less.

Promises to Give

Promises to give are recognized as assets and support when the donor's unconditional promise to give are received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Promises to give are expected to be collected in one year. Management determines the allowance for uncollectible promises to give based on historical experience, an assessment of economic conditions, and review of subsequent collections. Promises to give are written off when deemed uncollectible. No allowance for uncollectible promises to give was recorded as of June 30, 2020 and 2019.

Supplies

Supplies is stated at the lower of cost or net realizable value determined by the first-in first-out method.

Investments

Investment purchases are recorded at cost or if donated at fair value on the date of donation. Thereafter, investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheets. Investments in certificates of deposit that are not publicly traded are recorded at cost plus accrued interest. Cash values of life insurance policies are recorded at cost. Thereafter the cash values are updated based on policies' stated values. Investment income or loss (including realized and unrealized gains and losses on investments, interest, and dividends) is included in revenues in excess of expenses unless the income or loss is restricted by donor or law.

Endowment earnings appropriated for spending and spent in the same year as they are earned are recorded in net assets without restrictions on the accompanying consolidated statements of operations.

Fair Value Measurements

The Organization has determined the fair value of certain assets and liabilities in accordance with generally accepted accounting principles, which defines a framework for measuring fair value.

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques should maximize the use of observable inputs and minimize the use of unobservable inputs.

A fair value hierarchy has been established which prioritizes the valuation inputs into three broad levels. Level 1 inputs consist of quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the related asset or liability. Level 3 inputs are unobservable inputs related to the asset or liability.

Assets Limited as to Use

Assets limited as to use include assets set aside by the Organization's Board of Directors for future capital improvements and debt redemption, over which the Board retains control and may at its discretion subsequently use for other purposes. Assets limited as to use also includes assets restricted under indenture agreements; investments restricted by donors; and the Organization's interest in perpetual and remainder trusts maintained by independent trustees.

Beneficial Interests in Perpetual Trusts

The Organization has been named as an irrevocable beneficiary of several perpetual trusts held and administered by independent trustees. Perpetual trusts provide for the distribution of the net income of the trusts to the Organization; however, the Organization will never receive the assets of the trusts. At the date that a notice of a beneficial interest is received, a contribution with donor restrictions of a perpetual nature is recorded in the consolidated statements of changes in net assets, and a beneficial interest in perpetual trust is recorded in the consolidated balance sheets at the fair value of the underlying trust assets. Thereafter, beneficial interests in the trusts are reported at the fair value of the trusts' assets in the consolidated balance sheets, with trust distributions and changes in fair value recognized in the consolidated statements of changes in net assets.

Beneficial Interests in Remainder Trusts

The Organization has been named as an irrevocable beneficiary of several charitable trusts held and administered by independent trustees. These trusts were created independently by donors and are administered by outside agents designated by the donors. Therefore, the Organization has neither possession nor control over the assets of the trusts. At the date the Organization receives notice of a beneficial interest, a contribution with donor restrictions is recorded in the consolidated statements of changes in net assets, and a beneficial interest in remainder trusts is recorded in the consolidated balance sheets at fair value. Thereafter, beneficial interests in the trust are reported at fair value in the consolidated balance sheets, with trust distributions and changes in fair value recognized in the consolidated statements of operations and the consolidated statements of changes in net assets. Upon receipt of trust distributions or expenditures, or both, in satisfaction of the donor-restricted purpose, if any, net assets with donor-imposed time or purpose restrictions are released to net assets without donor restrictions.

Beneficial Interests in Assets Held by Community Foundations

The Organization has a beneficial interest in several trust funds established directly by donors with the South Dakota Community Foundation and the Sioux Falls Area Community Foundation (Foundations). In donating these funds to the Foundations, donors have granted the Governing Boards of the Foundations variance power. Variance power gives the Foundations the right to modify the terms of the agreement if, in the judgment of the Foundations' Boards of Trustees, the restrictions and conditions of the agreement become unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community. All contributions are irrevocable gifts to the Foundations. Earnings are to be distributed annually. The Organization recognized contribution revenue of \$50,643 and \$49,220 in the 2020 and 2019 consolidated statements of operations as distributions from the Foundations were received. As of June 30, 2020 and 2019, the Organization had a beneficial interest of \$1,379,994 and \$1,366,754 made up of gifts made directly to the Foundations and related accumulated investment earnings. This beneficial interest, in accordance with generally accepted accounting principles, is not reported as an asset in the accompanying consolidated balance sheets.

Property and Equipment

Property and equipment acquisitions in excess of \$5,000 are capitalized and recorded at cost. Depreciation is provided over the estimated useful life of each depreciable asset and is computed using the straight-line method. Equipment under capital lease obligations is amortized on the straight-line method over the shorter period of the lease term or the estimated useful life of the equipment. Amortization is included in depreciation and amortization in the financial statements. The estimated useful lives of property and equipment are as follows:

Land improvements5 - 20 yearsBuildings and fixed equipment5 - 69 yearsMajor movable equipment3 - 25 years

Gifts of long-lived assets such as land, buildings, or equipment are reported as additions to net assets without donor restrictions and are excluded from revenues (less than) in excess of expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when donated or when acquired long-lived assets are placed in service.

The Organization considers whether indicators of impairment are present and performs the necessary analysis to determine if the carrying values of assets are appropriate. No impairment was identified for the years ended June 30, 2020 and 2019.

Intangibles

Intangible assets consist of patient records, non-compete agreements, and other identifiable intangibles associated with business combinations. Intangible assets are amortized over their estimated economic life of 3 years. Intangible assets are considered annually for indicators of impairment. There was no impairment loss recognized for the years ended June 30, 2020 and 2019.

Goodwill

Goodwill represents the excess of cost over the fair value of the assets acquired from business combinations. The Organization amortizes goodwill over a 10-year life. Goodwill is considered annually for indicators of impairment. There was no impairment loss recognized for the years ended June 30, 2020 and 2019.

Income Taxes

LifeScape and most of its affiliated organizations are organized as South Dakota nonprofit corporations and have been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). These Organizations are annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. Together these Organizations have determined that they are not subject to unrelated business income tax and have not filed an exempt organization business income tax return (Form 990T) with the IRS. Rehabilitation Medical Supply is a taxable organization and is subject to Federal income taxes.

The Organization believes that it has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Annuities Payable

The Organization has entered into gift annuity agreements, which provide that the Organization shall pay periodic amounts to designated beneficiaries until their death. The payments continue even if the assets gifted or acquired as a result of the gift have been exhausted. The Organization recorded these gifts at market value with a corresponding liability recorded for the present value of payments to be made to the designated beneficiaries. Upon the death of the beneficiaries, the remaining assets are held or disposed of in accordance with the annuity agreements.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Restrictions – Net assets subject to donor-or certain grantor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends, or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of operations as net assets released from restrictions.

Debt Issuance Costs

Debt issuance costs are amortized over the period the related obligation is outstanding using the straight-line method which is a reasonable estimate of the effective interest method. Debt issuance costs are included within long-term debt on the consolidated balance sheet. Amortization of debt issuance costs is included in interest expense in the accompanying consolidated financial statements.

Donated Services and In-Kind Contributions

Volunteers contribute significant amounts of time to the Organization's program services, administration, and fundraising and development activities; however, the consolidated financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. The Organization records donated professional services at respective fair values of the services received.

Performance Indicator

Revenues (less than) in excess of expenses excludes changes in net assets attributable to noncontrolling interests and contributions of long-lived assets, including assets acquired using contributions which were restricted by donors.

Patient and Program Service Revenue

Patient and program service revenue is reported at the amount that reflects the consideration to which the Organization expects to be entitled in exchange for providing care. These amounts are due from patients, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews and investigations. Generally, the Organization bills the patients and third-party payors after the services are performed. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Organization. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Organization believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligations based on the inputs needed to satisfy the obligation. Generally, performance obligations related to patient and program services are satisfied over time, as the patients receive inpatient, outpatient or clinic care services. The Organization measures the performance obligation associated with inpatient services from admission to the point when it is no longer required to provide services which is generally at the time of discharge.

Because all of its performance obligations relate to contracts with a duration of less than one year, the Organization has elected to not disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. The unsatisfied or partially unsatisfied performance obligations referred to above are primarily related to inpatient services at the end of the reporting period. The performance obligations for these contracts are generally completed within days or weeks of the end of the reporting period.

The Organization determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with the Organization's policy, and/or implicit price concessions provided to uninsured patients. The Organization determines its estimates of contractual adjustments and discounts based on contractual agreements, its discount policies and historical experience. The Organization determines its estimate of implicit price concessions based on its historical collection experience with this class of patients.

Settlements with third-party payors for retroactive adjustments due to audits, reviews or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Organization's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews and investigations.

Consistent with the Organization's mission, care is provided to individuals regardless of their ability to pay. Therefore, the Organization has determined it has provided implicit price concessions to uninsured individuals and individuals with other uninsured balances (for example, co-pays and deductibles). The implicit price concessions included in estimating the transaction price represent the difference between amounts billed to patients and the amounts the Organization expects to collect based on its collection history with those patients.

A large portion of the Organizations patient and program services are provided to Medicaid program beneficiaries. Revenue from the Medicaid programs accounted for approximately 56% of the Organization's net patient and resident service revenue for each of the years ended June 30, 2020 and 2019.

Contract Costs

The Organization expenses all incremental customer contract acquisition costs as they are incurred as the amortization period of the asset that the Organization otherwise would have recognized is one year or less in duration.

Contributions

Contribution revenue is recognized when earned. The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met.

Functional Allocation of Expenses

The cost of program and supporting services activities have been summarized on a functional basis in Note 16 which presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among programs and supporting services benefited. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated such as rent and other occupancy costs, are allocated on a square footage basis. Other expenses such as employee benefits and supplies are allocated on the basis of salaries.

Change in Accounting Policy

As of July 1, 2019, the Organization adopted the provisions of Accounting Standards Update (ASU) 2016-18, *Statement of Cash Flows (Topic 230) Restricted Cash.* This update requires that a statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents, by including amounts generally described as restricted cash and restricted cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. Retrospective application of the amendment is required. The Organization has adopted this standard as management believes this presentation eliminates a diversity in practice in the presentation of restricted cash and restricted cash equivalents in the statement of cash flows.

Subsequent Events

The Organization has evaluated subsequent events through October 29, 2020, the date which the consolidated financial statements were issued.

Note 2 - Provider Relief Funds

The Organization received funds as part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, also referred to as Provider Relief Funds. These funds are administered by the Department of Health and Human Services (HHS). The funds are subject to terms and conditions imposed by HHS. Among the terms and conditions is a provision that payments will only be used to prevent, prepare for, and respond to coronavirus and shall reimburse the recipient only for healthcare-related expenses or lost revenues that are attributable to coronavirus. Recipients may not use the payments to reimburse expenses or losses that have been reimbursed from other sources or that other sources are obligated to reimburse. HHS currently has a deadline to incur eligible expenses of June 30, 2021. Unspent funds will be expected to be repaid.

These funds are recognized as revenues in the accompanying statements of operations as all terms and conditions are considered met. The terms and conditions are subject to interpretation and future clarification. In addition, this program may be subject to oversight, monitoring and audit. Failure by a provider that received a payment from the Provider Relief Fund to comply with any term or condition can subject the provider to recoupment of some or all of the payment. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

During the year ended June 30, 2020, the Organization recognized \$614,165 as revenue, included as other revenue on the statement of operations.

Note 3 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor-restrictions limiting their use, within one year of the balance sheet date, comprise of the following:

		2020	2019
Cash and cash equivalents Patient receivables Accounts receivable Promises to give Other receivables	·	3,277,017 6,407,617 2,142,396 165,939 1,407,177	\$ 1,921,479 6,837,943 2,069,755 770,135 885,460
	\$ 1	3,400,146	\$ 12,484,772

Endowment funds consist of donor-restricted endowments. Income from donor-restricted endowments is restricted for specific purposes. Donor-restricted endowment funds are not available for general expenditures. In addition, the Foundation does not consider investments held for long term purposes to be available for general expenditures, however these funds could be made available if necessary.

Additionally, the Organization maintains lines of credit which total \$4,500,000, as discussed in more detail in Note 11. As of June 30, 2020, the entire balance of these credit lines was available to the Organization.

The beneficial interest in trusts is based on the underlying assets in the trust as reported by the trustee using the terms of the trust agreement.

Following is a reconciliation of activity for the years ended June 30, 2020 and 2019 for assets and liabilities measured at fair value based upon significant unobservable (non-market) information.

The Organization considers the carrying amount of significant classes of financial instruments on the balance sheets, including cash and cash equivalents, receivables, other assets, accounts payable, and accrued expenses to be reasonable estimates of fair value due to the short-term nature of the items at June 30, 2020 and 2019.

The Organization's fixed rate Series 2017 bonds have a carrying amount that differs from its estimated fair value. The fair value of the Organization's Series 2017 bonds is determined by references to trading activity of the underlying bonds. The fair value of the Series 2017 bonds was \$4,907,709 and \$5,298,631 and the carrying value was \$4,390,000 and \$4,800,000 as of June 30, 2020 and 2019.

The fair value of the capital lease obligations is based on a combination of the stated or implied interest rates and the unsecured borrowing rate available to the Organization at the measurement dates and approximates their carrying amounts.

The remaining fixed rate long term debt has a carrying amount that also differs from its estimated fair value. The fair value of the Organization's remaining fixed rate long term debt is estimated using a discounted cash flow analysis based on the Organization's effective borrowing rate at respective reporting dates. The fair value of the Organization's remaining fixed rate debt is approximately \$1,638,005 and \$1,876,944 with a carrying value of \$1,660,443 and \$1,941,846 as of June 30, 2020 and 2019.

Note 8 - Endowments

The Organization's endowment consists of funds established for the benefit of LifeScape. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Organization's Board of Directors has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original donor-restricted endowment fund gift as of the date received absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) changes in the fair value of the beneficial interest in perpetual trusts. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund
- 2. The purpose of the Organization and the donor-restricted endowment fund
- 3. General economic conditions
- 4. The possible effect of inflation and deflation
- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of the Organization
- 7. The investment policies of the Organization

As of June 30, 2020, endowment net asset composition by type of fund is as follows:

Investment and Spending Policies

The Organization has adopted investment and spending policies that attempt to provide a predictable stream of income for the funding of programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that seeks both preservation of capital and growth of capital on a real return basis. Asset allocation guidelines have been established for the endowment based on liquidity needs and time horizons. The Organization targets a diversified asset allocation that places a greater emphasis on equity based investments to achieve its long-term return objectives within prudent risk constraints.

The Organization has a policy for an annual distribution of an amount up to 4% of the average market value of the Foundation's total investment account, including non-endowment investments for the trailing 16 quarters. Under special circumstances, the Organization will accept special requests for funding beyond the annual disbursement amount. This policy is consistent with the Organization's objective to maintain the purchasing power of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment return.

Note 9 - Leases

The Organization leases office and storage space under various operating leases, and equipment under various capital leases. Total lease expense for the years ended June 30, 2020 and 2019 for all operating leases was \$924,814 and \$748,915, respectively. Minimum future lease payments are as follows:

Such deposits are included with assets limited as to use in the consolidated financial statements. Assets that are required for obligations classified as current liabilities are reported in current assets. The loan agreement also places limits on the incurrence of additional borrowings and requires that the Organization satisfy certain measures of financial performance.

Note 11 - Lines of Credit

The Organization has two revolving lines of credit as of June 30, 2020 which are secured by an interest in the assets of the Organization that is secondary to the security interest the Organization's bondholders have in these assets. One of the lines of credit, in the amount of \$2,500,000 matures on December 1, 2020 with the other line of credit, in the amount of \$2,000,000, maturing on May 1, 2021. As of June 30, 2020 and 2019, the Organization did not have any outstanding balances due on these lines of credit.

The grants are refundable upon noncompliance with the intended purpose of the funds, as defined in the agreement, or upon sale of the property. Since the probability of repaying the grants is considered remote, the grants have been recognized as net assets with restrictions.

Note 13 - Retirement Plans

The Organization has a defined contribution plan under which employees become participants upon reaching age 18 and completion of one year of service. Employer matching contributions up to 2% of annual compensation are deposited with the plan trustee who invests the plan assets. Total expenses under the plan were \$520,186 and \$484,506 for the years ended June 30, 2020 and 2019.

Children's Care Hospital and School employees who hold a teaching certificate and meet plan enrollment qualifications participate in the South Dakota Retirement System, a multiple employer defined benefit pension plan administrated by the State of South Dakota. The tax ID number for the South Dakota Retirement System plan is 46-6000364 and their plan number is 001. Children's Care Hospital and School contributes less than 5% of the total contributions made to the plan from all employees. As of June 30, 2019, the South Dakota Retirement System had a net position restricted for pension benefits of \$12,472,799,657 and a total actuarial accrued liability of \$12,461,820,956. Total expenses under the plan were \$96,593 and \$82,784 for the years ended June 30, 2020 and 2019, respectively.

Note 14 - Restricted Assets

Pursuant to the regulatory and mortgage agreements with the South Dakota Housing and Development Authority and the U.S. Department of Housing and Urban Development, the Organization is required to establish escrow accounts to fund repairs and maintenance expenses, insurance expenses, development costs, and residual receipts. Total restricted assets under these agreements as of June 30, 2020 and 2019, was \$423,093 and \$415,980, respectively.

These regulatory and mortgage agreements also provide for restrictive operating procedures and various loan covenants. As of June 30, 2020 management believes the Organization was in compliance with these agreements.

Note 15 - Concentrations of Credit Risk

LifeScape grants credit without collateral to its patients, residents and other customers, most of who are insured under third-party payor agreements. The mix of receivables from third-party payors, patients, residents and other customers at June 30, 2020 and 2019 is as follows:

	2020	2019
Medicaid	69%	69%
Private pay	9%	13%
Commercial insurance and other	12%	10%
Blue Cross	9%	7%
Medicare	1%	1%
	100%	100%

The Organization manages deposit concentration risk by placing cash and cash equivalents with financial institutions believed by management to be creditworthy. At times, amounts on deposit may exceed insured limits. Credit risk associated with accounts receivable and promises to give is considered to be limited due to high historical collection rates. Investments are made by an investment manager whose performance is monitored by management and the Finance Committee of the Board of Directors. Although the fair value of the investments are subject to fluctuation on a year-to-year basis, management and the Finance Committee believe that the investment policies and guidelines are prudent for the long-term welfare of the Organization.

Note 17 - Commitments and Contingencies

Malpractice Insurance

The Organization has malpractice insurance coverage to provide protection for professional liability losses on a claims-made basis subject to a limit of \$1 million per claim and an annual aggregate limit of \$3 million. Should the claims-made policy not be renewed or replaced with equivalent insurance, claims based on occurrences during its term, but reported subsequently, would be uninsured unless tail insurance was purchased for the estimated liability.

Litigation, Claims and Disputes

The Organization is subject to the usual contingencies in the normal course of operations relating to the performance of its tasks under its various programs. Management assesses the ultimate settlement of any litigations, claims, and disputes in process in determining whether a liability should be recorded or a disclosure should be presented.

The Organization is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations, specifically those relating to the Medicare and Medicaid programs, can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Federal government activity with respect to investigations and allegations concerning possible violations by health care providers of regulations could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenues from patient (and resident) services.

Note 18 - Risks and Uncertainties

During 2020, the world-wide coronavirus pandemic impacted national and global economies. The Organization is closely monitoring its operations, liquidity and capital resources and is actively working to minimize the current and future impact of this unprecedented situation. As of the date of issuance of these consolidated financial statements, the current and future full impact to the Organization is not known.

Note 19 - Restatement

As disclosed in Note 1 to the financial statements, the Organization has adopted the provisions of Accounting Standards Update (ASU) 2016-18, Statement of Cash Flows (Topic 230) Restricted Cash. Accordingly, the June 30, 2019 statement of cash flows has been adjusted to adopt this standard. Following is the summary of the effects of the change in accounting policy in the Organization's June 30, 2019 statement of cash flows.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Directors LifeScape Sioux Falls, South Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of LifeScape (the Organization) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise LifeScape's basic financial statements and have issued our report thereon dated October 29, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered LifeScape's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether LifeScape's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
