

Assistive Technology Services

Comprehensive Evaluation, Training & Implementation

The LifeScape Assistive Technology Program utilizes a highly trained, experienced and creative staff of occupational therapists, physical therapists, speech-language pathologists, and technicians. Our team will help you identify how assistive technology may help you be more independent, and help you learn, use, and acquire equipment and devices to do more.

Experienced, Highly Trained and Certified Staff

- Multiple therapists certified by RESNA as Assistive Technology Professionals
- Decades of experience in multiple aspects of Assistive Technology
- Continually trained in the latest equipment and techniques

Creative Solutions Using:

- Wheelchairs to optimize support and mobility for better function
